

Dear Brothers and Sister's in Christ,

It has now been ten days since leaving the U.S. I spent the first three nights and two days in Bogota, the capitol for Colombia. While in Bogota, I spoke at a youth meeting, connecting with friends and visiting the site of the embassy of Venezuela to enquire about a visa to travel into Venezuela.

I am now in Bucaramanga a beautiful modern city in Colombia, where we have been preparing training and character lesson materials for printing.

On April 5th we will be having our first character training seminar with pastors and participants from this area, and then will begin a nine-week journey in teaching among 16 different communities.

Our concentration will be on giving a 6-hour training program to Pastors, Sunday School teachers and Parents in teaching character values to their children. I want to thank each of you that contribute regularly and to those who have given special gifts to make this program available for children.

Printing Press

In going to Venezuela, we are planning to distribute 500 copies of the Spanish Character lesson book and a sample of 500 Student Workbooks among 500 churches.

Our ministry website www.ecmin.org will be a place of follow-up for those who have gone through the training. If you would like to contribute to the sharing of the gospel and teaching character values to children, you are welcome to participate through your prayers and giving.
